Request for Proposals for Troutner Fellow Awards on Equity-Mindedness in Higher Education

**Office of Diversity, Inclusion and Belonging
Purdue University, West Lafayette Campus
Proposals Due – February 10, 2023**

The Office of Diversity, Inclusion and Belonging (ODIB) requests Purdue faculty proposals for Troutner Fellow awards on equity-mindedness in higher education. These grants are provided from the Troutner Fellows Program Fund as an expression of the donors' commitment to Diversity and Inclusion. They are intended to support faculty work to eradicate bias in interactions with students, faculty, and staff, and to advance equity-minded practices at Purdue.

To be considered, projects must include scholarly work related to promoting and advancing equity in higher education. At least two awards of \$5,000 each is available to facilitate research, teaching, or outreach/engagement projects of up to 1 year in duration. Projects typically will have a start date of May 15, for a period of 1 year, although other timing of project initiation will be considered. Please note that extensions, including no-cost extensions, will normally not be considered, so Project Leaders should ensure that the proposed project can be completed within one year. A final project report is required to be submitted to ODIB at the end of the one-year project period. Award recipients will be notified by March 31, 2023.
